

## ERIN MAY ACCEPT CALL

(Continued from page one)

Gairloch, where he will continue his holiday. Lord Fitzalan left for Ireland yesterday morning, General Tudor yesterday afternoon, General MacReady went with the Prime Minister to Gairloch and Sir Hamar Greenwood went to another part of Scotland for a holiday.

Mr. Lloyd George yesterday sent a reply to a telegram from the president of the Trade Union Congress, which is now meeting in Cardiff, urging peace in Ireland, saying that the Government is as opposed as anyone to civil war in Ireland, but it could not admit separation and quoting Lincoln again as an authority for resisting secession.

It was pointed out here yesterday afternoon that the Government's reply is an independent advance toward the Irish position which is understood to be unaverted to a repeal of "the opinion" leaving Great Britain and Ireland a dual monarchy with independent governments, but under one crown. For this reason the Prime Minister stresses allegiance to the Crown as an essential and drops insistence on other conditions, such as military occupation in Ireland, etc., leaving them for discussion at the conference.

According to authoritative information, this is the Government's last word. The only condition now insisted on is allegiance to the British Crown and it is impossible to depart from that.

Dublin, Sept. 9.—Premier Lloyd George's reply to deValera has made a good impression here and its tone confirms the theory that he personally and sincerely desires peace. King George also is known to have urged him to avoid sabre rattling in his communication to the Irish leader.

THE UNIVERSAL CAR  
ANNOUNCEMENT

Mr. Edsel B. Ford, President of the Ford Motor Company, makes the following announcement: "We are making another reduction in the prices of Ford cars and the Ford truck, effective today. The new prices average \$70.00 under former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, F. O. B. Detroit, are now as follows:

	New Prices	Old Prices	Amount of Reduction
CHASSIS	\$295	\$345	\$ 50
RUNABOUT	325	370	45
TOURING CAR	355	415	60
TRUCK	445	495	50
COUPE	595	695	100
SEDAN	660	760	100

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7th to \$415, and now to \$355, making total reduction in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford sedan was \$975; today it costs at \$660 with the same equipment.

"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices, and are buying when prices are right.

"The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,217 was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesmen. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson tractor, and none is contemplated."

Go over these new prices! See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer?

Let us tell you more about it, and advise you regarding the delivery of the particular type car in which you are interested.
